FT EXTREME ONE CLASS - AWARDS TO THIRD PLACE. BONUS BUNNY APPLIES TO
SUPPORTED COMP. ONLY.

SUPPORTED-

Any combination of rifle/scope can be used; Separate range finders may not be used at any time. Scopes can be adjusted once for distance, magnification and hold-over at each target before putting scope to eye.

FT EXTREME-

Full use of scope rangefinding and dialling in. FT Sporting, Setting range and holdover before looking through scope at each Target.

POSITIONS-

Any safe position may be used. The muzzle must be over the firing line and the trigger behind the line, The rifle must not be more than one foot from either side of peg when the shot is taken.

SUPPORTED RIFLE-

Rifles may be supported by bipods, tripods, bean bags or boxes etc as long as the support is in front of the trigger guard. The rifle butt must be in the shoulder and not supported or rested on the ground either directly or indirectly. Slings maybe used.

FT EXTREME-

Sitting, Standing, Kneeling, Prone, Prone No part of the rifle must touch the ground and, The supporting hands must also be clear. Slings maybe used.

TARGETS & SCORING SUPPORTED-

25 targets Ten **BLACK** of which one will be the Golden Shot and Fifteen **WHITE**. Maximum of 65yds and a Minimum of 10yds.Approx. Formulae for max target distance will be maximum circular diameter of kill zone in millimetres=yards plus 25yds Golden shot 35yds.(i.e.12mm diameter kill zone=12yds+25yds Max distance=37yds).(Golden shot, 12mm diameter kill zone=12yds+35yds=Max 47yds).

There could be more than one target on the peg.

The golden shot target will be marked on the score card.

WHITE targets, 2 points for a knockdown, 1 point for a hit, 0 for a miss.

BLACK targets, 3 points for a knockdown, 1point for a hit, 0 for a miss.

Total maximum score=60.

Golden shot Target.. If up to three competitors knock it down then there will be a shoot off to decide the winner, on this or another suitable target. If more than three there will be a card draw for the award if the Golden shot is not knocked down the award will be carried over to the next Supported competition.

TARGETS & SCORING FT EXTREME-

25 Targets, If Double or Triple targets are used then that number of shots maybe taken to score. X for a Knockdown 0 for Miss Max score 25. Recoiling users have two shots to knock the target down.

COURSE OF FIRE-

One shot to be taken at each target

Targets to be shot in numerical order.

Next target not to be taken from previous peg.

There is to be no "Practice" shots to be taken at any target before or after your official shot,

Failure to follow this rule will incur the loss of that target or the following one whichever counts highest.

Shooting at the wrong target will count as a miss

In the event of a dispute the marshal's decision is final
